

ALL PAYMENT SYSTEMS

Our Mission

Payments Should Be Effortless

We believe that paying for anything - whether it's a phone bill, a coffee, or a crypto transaction – should be as easy and natural as sending a message. No friction, no confusion, no barriers.

Access for Everyone

Our mission is to empower people of all backgrounds. And technical levels. Whether you're using cash, card, or crypto – whether you're online or offline – our infrastructure makes payments accessible, intuitive, and instant.

Bridging the Old and the New

We connect traditional finance with the digital future. By merging cash-based habits with modern technologies like mobile wallets and blockchain, we create a seamless experience for users and merchants alike.

ALL PAYMENT SYSTEMS

What We Offer

Smart Terminals

Accept cash, cards, QR codes and crypto – all in one place.

Digital Wallets

Seamless integration with Apple Pay, Google Pay and biometric payments.

Tap, scan, done.

Bill Aggregation

Pay for mobile, utilities, taxes and more – from a single interface.

Fast, intuitive, multilingual.

Instant Settlement

Merchants receive funds in real time. No delays, no batching – just instant confirmation

Accept Crypto. Stay Fiat-Ready

Supported Assets

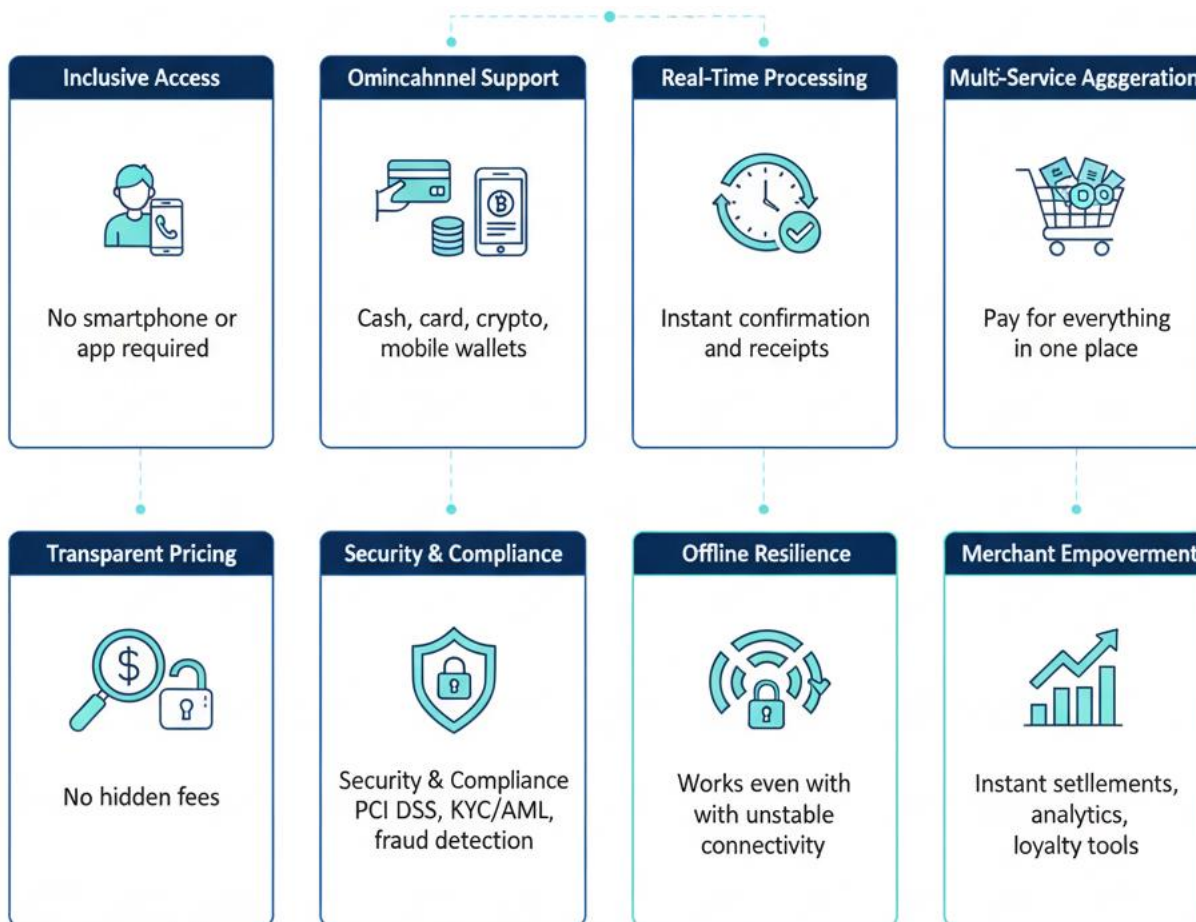

Bitcoin, Ethereum, USDT - and more

ALL PAYMENT SYSTEMS

Expanded Benefits of Our Payment Experience

ALL PAYMENT SYSTEMS

Terminal Flow

No registration. No app. Just walk up, pay, and go.

ALL PAYMENT SYSTEMS

One Terminal. Endless Services

Cash Payments

- Cash deposits after non-functional hours
- Cash top-ups for wallets and accounts

Card Payments

- Credit and debit card instalments
- One-time card payments
- Prepaid card top-ups

Insurance Premiums

- Online health insurance premiums
- Vehicle insurance payments
- Life insurance premiums
- Travel insurance payments

Loan Repayments

- Interest due payments
- Loan clearance payments
- Microloan repayments

Crypto Services

- Crypto wallet top-ups
- Fiat-to-crypto purchases
- Crypto-to-fiat conversion
- Stablecoin payments (USDT, USDC)

Merchant & Utility Payments

- Post-paid merchant payments
- Utility bill payments (electricity, water, gas)
- Recharge bill payments

Gaming & Betting Services

- Online casino deposits
- Sports betting
- Lottery ticket payments

- Convenient display and filtering payments for technical support
- Payment cancellation process (if it's available in provider API)

- Single and multi-payment reprocess in case of provider technical error or payer mistake
- Extended information about the payment for technical support

CASH COLLECTIONS

The screenshot displays the 'Cash Collection' section of the BePay interface. A 'Detailed Information' modal is open, showing a table of cash collection data. The background table lists transactions with columns for ID, Terminal, Currency, Rating, Quantity, Amount of payments, and Difference. The modal provides a breakdown of the selected transaction (ID 3706870999) by currency and rating.

Currency	Rating	Quantity
Russian Ruble	100.00	3
	500.00	5
	1000.00	2
USA Dollar \$	1.00	1
	10.00	1
Turkish Lira	10.00	2
	50.00	4

The background table shows the following data:

ID	Terminal	Currency	Rating	Quantity	Amount of payments	Difference
3705874655	Top Kapi					
3705870972	Kemalin Palace					
3706874061	Larissa Holiday Resort					
3706870999	Alka Antares	Russian Ruble			3 050.00	0.00
		USA Dollar \$			104.00	0.00

- Summary and detailed cash collection information
- Multi-currency accounting
- Automatic reconciliation of cash collection with payment data
